MTS Burgess Collection®

COMO SERIES

With nearly one million Como Series chairs delivered, we are proud to have provided Mandalay Bay, The Vancouver Convention Centre, and the Venetian/Sands Expo Center, with more than 20,000 each, of these popular aluminum-alloy convention stacking chairs.

The COMO, from the MTS Burgess line, is a classic example of form meeting function. The light-weight aluminum frame and innovative leg design make stacking and storing the COMO a breeze, while the smooth lines and optional reeded frame lend the chair an elegant design aesthetic.

Featuring:

- Fifteen unique styles to choose from
- Lightweight aluminum-alloy frame
- Stacks 12-high
- Available in more than 40 different frame finishes
- Custom designs available
- Standard COMFORTweb® Seat and contoured back

Environmental Benefits:

- GREENGUARD Indoor Air Quality Certified®
- Aluminum frame is fully recyclable
- Bent plywood seat substrate is low-emitting and sustainably-harvested
- Seat and inner back foam is made from 20% soy-based material
- Available in recycled polyester upholsteries
