## FEATURES

Combination Leg/Seat Reinforcement Bar (LSRB)—unique to MTS.

All welds are all minimum 1" long. Frame is welded as a single unit prior to plating or powder-coating.

Heavy-duty steel-base rubber-cushioned glides are standard.

Seats are recessed on frame to allow the front corners and leading edge of the frame to protect the seat upholstery.

The radius on the back of the seat matches the radius on the back of the chair for maximum comfort.

## OPTIONS

COMFORTweb® seat (specify CWS) available on 143. Featuring 2¼" of high density COMFORTmode® foam over flexible fabric bands provide maximum comfort.

Retro style "V" channel with two-tone upholstery (specify VC).

Two-tone button on 141, 143 models (specify BTT).

Two-tone welt accents: seat (specify TTS), box style shown (model 143); back (specify TTB).

Two-tone welt accents: seat (specify TTS); pullover style shown (model 141); back (specify TTB).
