

BOLERO®

# PICTURE PERFECT

The Bolero® Series from MTS provides elegant, artistically engaging design choices in a banquet chair that does not look like a conventional banquet chair. These exceptional chairs feature a high-strength, lightweight, extruded aluminum alloy frame for greater durability. Bolero offers the convenience of seat-on-seat nesting up to eight high. It's a pairing that makes the Bolero a welcome sight in venues of all sizes.

All Bolero nesting models nest seat-on-seat safely up to 8 high.

## FASHIONABLY GREAT

With the Bolero® Series, MTS makes assembling the ideal seating configuration easy from start to finish. Boleros are backed by the industry's best 12-year structural frame warranty and the industry's best frame finish. More than 30 standard colors are available along with unlimited textile selections.

## FEATURES

**COMFORTweb® Seat** Designed for exceptional comfort during prolonged periods of sitting, the MTS COMFORTweb® technology works by interweaving flexible, rubberized polypropylene stretchbands in support of a 2-1/4" layer of COMFORTmode® foam padding.

**Silhouette Style Back** All Bolero® nesting chairs feature silhouette style backs with no exposed fasteners. Silhouette style backs are designed to fit inside the frame to protect upholstery and provide a clean, finished appearance.

**Industry's Best Frame Finish** Available in more than 30 standard colors, MTS powdercoat finishes are specially formulated to protect against cracking, peeling, impact, abrasion and corrosion. Select from Solids, Metallics, Woodtones, Hammetones and more.

## OPTIONS

**ProBax® Option** ProBax-infused, foam-based seating subtly supports and tilts the pelvis, improving postural position in support of the spine. Offered exclusively through MTS, ProBax has been medically proven to improve comfort and alertness. Adding the ProBax option to your banquet and conference seating is a comforting way to differentiate yourself from the competition.

**Retractable Wire Ganger** The retractable ganger slides out of sight under the seat when not in use. Held in place with a molded nylon retainer, this device is available as an option on all MTS Boleros.

**Armchair** All Bolero models are available in armchair models. Standard with graphite-colored PVC armcaps with self-healing skins for impressive abrasion and chemical resistance.

**Optional Solid Maple Armchair Cap** Give your Bolero chairs a boost in style with a solid maple armchair upgrade from MTS. Specify (OMA) when pricing.

# Sit Green.

It's not just a seat. It's a style.

The MTS Representative in your area is:

MTS Seating is sensitive to the impact of our manufacturing on the world around us. That's why we developed and adopted the SynerGreen® philosophy to make continuous environmental improvements in our processes and products, while practicing sound business principles to focus on satisfying customer needs.

As a result, MTS is proud to be the first hospitality banquet seating manufacturer to earn the GREENGUARD® Indoor Air Quality Certification on all of our lines of seating products.

Visit our website at [www.mtsseating.com](http://www.mtsseating.com) to find out more about our SynerGreen program and for the big picture in seating solutions for every setting. Discover the engineering, quality and ergonomics today's hospitality industry demands, and the design impact to make a lasting statement. There's always something new at MTS.
