MTS Introduces the GRANITO™ Series Tabletops

Temperance, Michigan – May 18, 2010- MTS Seating has added to its lines of hospitality tabletops with the introduction of the Granito™ Series. The Granito Series of tabletops delivers a consistency of color that is unmatched.

Granito tabletops have been independently tested to stand up to surface abrasion at least 5x more effectively than plastic laminate surfaces. The high-gloss finish is easily cleaned and unlike many materials it is both durable and renewable.

These tabletops have a look that captures the essence of real granite in terms of color, pattern and depth. Offered in eight striking colors – in our most popular round, square and rectangular sizes – Granito Series tabletops will complement any setting.

Constructed with a blend of polyester and acrylic resins, Granito table tops also feature a plywood core for sturdy base attachment and a honeycomb layer for structural integrity. The underside of the top is sealed with a resin layer for a finished appearance.

Granito Series tabletops are designed with a 1¼” eased flat edge. The flat vertical edge allows the tables to be butted against one another while the eased edge and corners eliminate sharp edges and help prevent wear.

About MTS Seating. MTS is a leading manufacturer of premium quality banquet and foodservice seating for the hospitality market. The company’s wide selection of products includes extensive lines of stackable banquet and convention chairs, folding tables and staging products, guest room task chairs, and foodservice/dining seating and tables. MTS attributes its

success to its commitment to continual product improvement and unparalleled customer satisfaction. Founded in 1955 by Paul Swy and Dean Curtis, MTS remains a family business owned and operated by the Swy family. The company is headquartered in Temperance, Michigan, with sales conducted through a nationwide network of distributors and representatives.

MTS practices sustainable manufacturing. MTS Seating is sensitive to the impact of our manufacturing on the world around us. That's why we developed and adopted the SynerGreen® philosophy to make continuous environmental improvements in our processes and products, while practicing sound business principals to focus on satisfying customer needs. In addition, MTS is proud to be the first hospitality banquet seating manufacturer to earn the GREENGUARD® Indoor Air Quality Certification on our seating products.
