Introducing the COMFORTcurve™ élan from MTS

Las Vegas, Nevada – May 25, 2011 – MTS Seating introduced what might be the most comfortable banquet chair available at this month's HD Expo in Las Vegas, Nevada.

The COMFORTcurve™ élan features the MTS COMFORTweb® seat, a COMFORTflex® back and our new COMFORTcurve™ back shape. This unique back design is shaped to support the natural curve of the spine and provides unparalleled lumbar support.

"We have always emphasized the comfort of our seating products for the seated patron," said Phil Swy, CEO of MTS. "Our new COMFORTcurve™ dual contoured back is a significant comfort enhancement that complements the contemporary look of this new addition to our popular élan Series."

From transitional to contemporary, five unique back designs with a thinner profile deliver a fresh appearance. The back shapes are complemented by a new streamlined-profile protective bumper edge that gives the chair a sleek look. The re-designed COMFORTweb® seat has a tighter corner radius that delivers a more squared-off appearance.

Nestable up to eight high, The COMFORTcurve™ élan is manufactured in the United States and comes standard with the industry's best 12-year structural warranty.

About MTS Seating. MTS is a leading manufacturer of premium quality banquet and foodservice seating for the hospitality market. The company's wide selection of products includes extensive lines of stackable banquet and convention chairs, folding tables and staging products, guest room task chairs, and foodservice/dining seating and tables. MTS attributes its success to its commitment to continual product improvement and unparalleled customer satisfaction. Founded in 1955 by Paul Swy and Dean Curtis, MTS remains a family business owned and operated by the Swy family. The company is headquartered in Temperance, Michigan, with sales conducted through a nationwide network of distributors and representatives.

MTS practices sustainable manufacturing. MTS Seating is sensitive to the impact of our manufacturing on the world around us. That's why we developed and adopted the SynerGreen® philosophy to make continuous environmental improvements in our processes and products, while practicing sound business principals to focus on satisfying customer needs. In addition, MTS is proud to be the first hospitality banquet seating manufacturer to earn the GREENGUARD® Indoor Air Quality Certification on our seating products.
