From the MTS Burgess Collection

VIO

From the MTS Burgess Collection

Common sense functionality meets uncommon design sensibility, in this tour-de-force addition to our banquet and convention seating.

Available in your choice of nine COMFORTmesh™ back colors or fully-upholstered in any MTS fabric or COM, this contemporary addition to the MTS Burgess Collection incorporates a remarkably strong and lightweight triangular aluminum alloy frame. This design naturally aligns each chair in stacking and assists in creating a tighter stack up to 14 high.

The contoured top-rail is as striking as it is pragmatic. Easy handling meets easy on the eye. And it offers a deceptively slim COMFORTweb® seat and COMFORTflex® back.

Available with an optional retractable ganging device, every Vio chair is backed by our standard, 12-year structural frame warranty.

Inspired design. Ingenious practicality.
It's a combination that stacks up to unsurpassed performance.

The triangular design extrusion utilized in the Vio assists in creating a tighter stack that naturally aligns each chair for safe stacking up to 14 high.

The recommended seat upholstery fabrics in the Hue pattern have been coordinated with the corresponding COMFORTmesh™ fabrics for use on the mesh back 04/1.

Sit Green.

It's not just a seat. It's a style.

MTS Seating is sensitive to the impact of our manufacturing on the world around us. That's why we developed and adopted the SynerGreen® philosophy to make continuous environmental improvements in our processes and products, while practicing sound business principals to focus on satisfying customer needs. In addition, MTS is proud to be the first hospitality banquet seating manufacturer to earn the GREENGUARD® Indoor Air Quality Certification on all of our lines of seating products.

Visit our website at mtsseating.com to find out more about our SynerGreen program and for the big picture in turnkey solutions for every seating setting. Discover performance engineering, ergonomics today's hospitality industry demands, and the design impact to make a lasting statement – whimsical to romantic, retro to regal.
